

The Department for Transport is looking for those with an interest in aviation noise or acoustic analysis to work at a new Government body, the Independent Commission on Civil Aviation Noise (ICCAN).

Do you have an aptitude for data handling and analysis?

Do you have a flair for working in a data-driven environment to develop best practice?

If, so, then these unique and exciting roles within the Independent Commission on Civil Aviation Noise (ICCAN) are for you, and we'd love to hear from you.

The Independent Commission on Civil Aviation Noise (ICCAN), is being established as an Advisory Non-Departmental Public Body to become a credible and authoritative voice on aviation noise issues. The objective of ICCAN is to bring together industry, communities and the Government to ensure best practice is followed and information is shared and communicated in an accessible way. It will aim to identify any improvements needed to industry methods of assessing and mitigating noise impacts and will give communities a greater stake on aviation noise issues.

The Department for Transport is currently recruiting for a number of analyst roles. We welcome applications for the following vacancies;

Chief Analyst – ICCAN

Salary: £57,855 - £66,533

Available vacancies: 1

Grade: Grade 6

Location: Woking

You will lead and coordinate a team that provides and assures a robust evidence base which can be applied to inform policy, influence industry behaviour and underpin decisions, while reassuring communities of the independence and validity of this evidence.

You will use evidence to develop strategies that ensure noise policy at a national and local level is fit for purpose.

Senior Analyst – ICCAN

Salary: £46,696- £53,700

Available vacancies: 2

Grade: Grade 7

Location: Woking

Closing Date: 25 February 2019

Full details of the roles and instructions on to apply can be found at:
<https://www.civilservicejobs.service.gov.uk/csr/jobs.cgi?jcode=1616214>

Analyst – ICCAN

Salary: £37,428 - £41,173

Available vacancies: 2

Grade: Senior Executive Officer

Location: Woking

You will support the Chief and Senior Analysts in identifying gaps in evidence and developing strategies to fill these gaps. You will commission or undertake research in-house working with colleagues to interpret and communicate complex issues clearly to a lay audience and to understand the way in which the evidence can be used to inform political discussions and decisions.

Knowledge of acoustics and the physics associated with aircraft in flight would be desirable, but not essential.

Analyst – ICCAN

Salary: £29,832 - £32,367

Available vacancies: 2

Grade: Higher Executive Officer

Location: Woking

Closing Date: 25 February 2019

Full details of the roles and instructions on to apply can be found at:
<https://www.civilservicejobs.service.gov.uk/csr/jobs.cgi?jcode=1618520>
