

EARLY CAREERS GROUP WEBINAR SERIES

CAREER ROUTES BETWEEN ACADEMIA AND INDUSTRY

Open to all – 11 January at 5:30 until 7 pm

In the post-Covid world we may see an increased transfer of skills and experience between industry and academia. This session, which largely builds on the Early Careers Group session during the recent Acoustics 2020 conference, will explore

career routes between research, consultancy and academia. We will hear from four speakers who will share their own experiences – Joe Allen (RBA), Nikhil Banda (Seiche), Ashley Leiper (EnviroCentre) and Andrew Mathieson (Thales).

As always, we will open the virtual floor to your comments and questions.
